

Your

Parents and Citizens (P&C) Association

The P&C is a forum to allow our community to contribute to and promote the interests of Kensington Primary School to make it a better place

WHAT WE DO

In helping the community support the school, the P&C:

- Fosters cooperation between parents, teachers, students and members of the general community
- Assists in the provision of resources, facilities and amenities for KPS
- Encourages community interest in educational matters
- Provides a communication channel between the community and the school

The P&C gives the community access to insurances when coverage is required for events, such as parent-organised sports training, the movie night and DUCK's camp out.

The rules we must follow are set out in the Kensington Primary School P&C Association Constitution (2001) and other State and Federal laws.
